EDUCATION

University of Cambridge, St Edmund's College · BA (Hons) Economics — Oct 2027 – Jun 2030

Anglo-Chinese School (Independent) · IB Diploma Programme; Integrated Programme — 2019 – 2024
Co-founder & President, ACsians Investment Club; Co-founder, Project Lumos (migrant worker fundraiser); Student Councillor; Class Chairman (2022); Sergeant, NCC (Land); Mathematics Competition Team

EXPERIENCE

Advisory Singapore · Finance Officer cum Content Officer — Mar 2026 – Present
- Prepare post-audit financial statements, budgets and management reports for a national youth-sector non-profit.
- Building an impact-to-dollar model converting funding into programme capacity from unit-cost assumptions.
- Research and interview practitioners for the Conversations career series; write the published summaries.

Freelance Web Developer · Websites for small businesses and professionals — Jun 2026 – Present
- Build and launch websites for small businesses and professional firms from start to finish: quote, design, build, hosting, domain setup and SEO. Clients stay on monthly maintenance for updates, backups and security.

Singapore Armed Forces · Transport Operator — Apr 2025 – Feb 2027
- Licensed Class 3 and Class 4 operator moving personnel and equipment; ambulance operator for medical evacuation.
- Built a web app (React) for vehicle maintenance scheduling, replacing manual tracking.

Private Tutor · IB Mathematics AA HL / IP & IGCSE Mathematics — 2024 – Present
- Coach IB and secondary students in AA HL/SL Mathematics and IA design; student book built entirely through parent referrals. Run lesson planning, exam-condition testing, parent progress reports and invoicing.

LEADERSHIP & ACTIVITIES

ACsians Investment Club (ACIC) · Co-founder & President — 2023 – 2024
- Founded ACS(I)'s first student-run investment society and grew membership to 140+ across two cohorts; ran an internal stock-pitch competition and curated speaker sessions with practitioners from Goldman Sachs and OCBC.

PROJECTS

- **Oracular (beta):** stock research web app where a twelve-seat "Council" votes on live data across one-week, three-month and one-year horizons; covers seasonality, options and alternative signals. Built on React and Cloudflare Workers with Yahoo Finance data and Mistral AI. — oracular.ethantam.dev
- **Equarian Markets:** live macro dashboard tracking yields, carry and a risk-appetite index; plus a portfolio tracker that pulls positions from four brokers into one view. — markets.ethantam.dev
- **Futures trading system:** Python backtesting and trade-journal tools.

HONOURS & COMPETITIONS

- **World Investment Competition 2024** — 2nd Runner-Up (global); **NUS-BACC × Micron Business Analytics Case Competition 2026** — 1st Runner-Up.
- **TOKEN2049 Origins Hackathon 2026** — selected participant; built the contract-lifecycle layer of an on-chain B2B escrow and dispute platform on Cardano/Masumi.
- **Finance & PE:** NEFMC 2026 — Round 2, paper on Big Tech AI capex and allocative efficiency; APECS Private Equity Case Competition 2026 — IC memo and model, ~US$1bn convertible preferred in Fujitec.
- **Economics & Maths:** Singapore Economics Olympiad 2025 — Silver; UK Senior Mathematical Challenge — Gold (2022); IDEX 2021 Innovation Challenge — Second Prize.
- **Other:** NUS Entrepreneurship Society Ground Zero 2026 — Semi-finalist (Top 20), RideWise fare-intelligence app.
